Books for the Touchscreen Generation

What stops you in your tracks, makes your eyes light up and instantly transforms a regular day into a spectacular one? (I'm guessing it's not Twitter.)

Take a 4-year-old for a meandering walk, and I'll bet you can make their day with the discovery of a ladybug.

In every book we publish, we're looking for titles that capture the essence of childhood. The magical delight of finding a caterpillar crawling across the path. The thrill of discovering a new construction site, complete with massive machines. A pillow fort on a rainy day.

Our books introduce children to our amazing world one simple glory at a time.

Xist Publishing exists to help kids celebrate the little things that make our big world magnificent. We are pro-paintbrush, pro-puppy and most definitely, pro-popcorn.

Thank you for helping us bring discovery and delight through great books to kids everywhere!
